Individual Abuse Prevention Plan (IAPP)

Instructions and requirements:

This program is required to establish and enforce ongoing written individual abuse prevention plans as required under Minnesota Statutes, section [626.557](#), subdivision 14 and section [245A.65](#), subdivision 2 (b).

Development and review of the plan: An individual abuse prevention plan shall be developed for each new person as part of the initial individual program plan or service plan required under the applicable licensing rule. The review and evaluation of the individual abuse prevention plan shall be done as part of the review of the program plan or service plan. The person receiving services shall participate in the development of the individual abuse prevention plan to the full extent of the person's abilities. If applicable, the person's legal representative shall be given the opportunity to participate with or for the person in the development of the plan. The interdisciplinary team shall document the review of all abuse prevention plans at least annually, using the individual assessment and any reports of abuse relating to the person. The plan shall be revised to reflect the results of this review.

Plan contents: The plan shall include a statement of measures that will be taken to minimize the risk of abuse to the vulnerable adult when the individual assessment required in section 626.557, subdivision 14, paragraph (b), indicates the need for measures in addition to the specific measures identified in the program abuse prevention plan. The measures shall include the specific actions the program will take to minimize the risk of abuse within the scope of the licensed services, and will identify referrals made when the vulnerable adult is susceptible to abuse outside the scope or control of the licensed services. When the assessment indicates that the vulnerable adult does not need specific risk reduction measures in addition to those identified in the program abuse prevention plan, the individual abuse prevention plan shall document this determination.

Requirements of [626.557](#), subd. 14(b): Each facility, including a home health care agency and personal care attendant services providers, shall develop an individual abuse prevention plan for each vulnerable adult residing there or receiving services from them. The plan shall contain an individualized assessment of: (1) the person's susceptibility to abuse by other individuals, including other vulnerable adults; (2) the person's risk of abusing other vulnerable adults; and (3) statements of the specific measures to be taken to minimize the risk of abuse to that person and other vulnerable adults. For the purposes of this paragraph, the term "abuse" includes self-abuse.

Persons with history of violent crime an act of physical aggression toward others: If the program knows that the vulnerable adult has committed a violent crime or an act of physical aggression toward others, the individual abuse prevention plan must detail the measures to be taken to minimize the risk that the vulnerable adult might reasonably be expected to pose to visitors to the facility and persons outside the facility, if unsupervised. Under this section, a facility knows of a vulnerable adult's history of criminal misconduct or physical aggression if it receives such information from a law enforcement authority or through a medical record prepared by another facility, another health care provider, or the facility's ongoing assessments of the vulnerable adult.

Legal Authority: MS §§ [245D.071](#), subd. 2, [245A.65](#), subd. 2, and [626.557](#), subd. 14

PAI

Individual Abuse Prevention Plan (IAPP)

Person's Name: **Henry Hendrickson**

Program: PAI Linden

Instructions: For each area, assess whether the person is susceptible to abuse by others and the person's risk of abusing other vulnerable people. If susceptible, indicate why by checking the appropriate reason or by adding a reason. Identify specific measures to be taken to minimize the risk within the scope of licensed services and identify referrals needed when the person is susceptible outside the scope or control of the licensed services. If the person does not need specific risk reduction measures in addition to those identified in the program abuse prevention plan, document this determination and identify the area of the program prevention plan that addresses the area of susceptibility.

A. Sexual abuse

Is the person susceptible to abuse in this area? Yes (if any area below is checked) No

- Lack of understanding of sexuality
- Likely to seek or cooperate in an abusive situation
- Inability to be assertive
- Other: Unable to report

Specific measures to minimize risk of abuse for each area checked:

- **All Areas:** Staff provide Henry with supervision. If a staff were to witness sexual abuse involving Henry, staff would verbally tell the abuser to stop and physically move Henry to a safe location. Staff will assess for any injury, provide necessary first aid per their training and seek further medical attention as needed. All staff and volunteers are mandated reporters and are trained upon hire and annually thereafter to the MN State Vulnerable Adult Law and company Vulnerable Adult Maltreatment Reporting and Review Policy and Procedures. Staff will report all suspected or known maltreatment per company policy.
- **Lack of understanding of sexuality:** Henry has been diagnosed with Cerebral Palsy, a developmental disability. Due to this, Henry may not understand situations of a sexual nature. Henry may also not be able to understand the difference between abusive situations and non-abusive situations. Henry does not use words to communicate and is unable to provide consent. This makes Henry more vulnerable to sexual abuse.
- **Likely to seek or cooperate in an abusive situation and the inability to be assertive:** Henry has been diagnosed with Cerebral Palsy and is unable to physically or verbally be assertive. Henry may cooperate if in an abusive situation due to his limited understanding of sexuality and his inability to physically defend himself.
- **Henry is unable to report to the appropriate person if he were to be abused:** Due to Henry's developmental disability and lack of consistent formal communication, Henry is unable to identify abusive situations, identify the appropriate person to tell, or to make a report.

Referrals made when the person is susceptible to abuse outside the scope or control of this program (Identify the referral and the date it occurred). No referrals are needed at this time.

B. Physical Abuse

Is the person susceptible to abuse in this area? Yes (if any area below is checked) No

- Inability to identify potentially dangerous situations
- Lack of community orientation skills
- Inappropriate interactions with others
- Inability to deal with verbally/physically aggressive persons
- Verbally / physically abusive to others
- "Victim" History exists
- Other: Unable to report abuse

Specific measures to minimize risk of abuse for each area checked:

- **All Areas:** Henry has been diagnosed with an intellectual and developmental disability. Henry may not understand what constitutes a dangerous situation, how to advocate for safety or handle situations of abuse. Henry would be unable to report abuse if it were to occur. Staff provide Henry with supervision. If a staff were to witness physical or emotional abuse involving Henry, staff would verbally tell the abuser to stop and physically assist Henry to a safe location. Staff will assess for any injury and provide necessary first aid per their training and seek further medical attention as needed. All staff and volunteers are mandated reporters and are trained upon hire and annually thereafter to the MN State Vulnerable Adult Law and company Vulnerable Adult Maltreatment Reporting and Review Policy and Procedures. Staff will report all suspected or known maltreatment per company policy.
- **Inability to identify potentially dangerous situations:** Staff observe what is occurring around Henry and intervene on Henry's behalf if a potentially dangerous situation were to happen. Staff will call 911 on Henry's behalf in the event of an emergency.
- **Lack of community orientation skills:** Henry requires support to propel his wheelchair and navigate community resources. Henry doesn't use words to communicate and would be unable to ask for assistance. Staff provide supervision of Henry while in the community and provide Henry with full physical support to practice all pedestrian and traffic safety skills. Staff access community resources with and on behalf of Henry.
- **Inability to deal with verbally/physically aggressive persons:** Henry is unable to handle physically or verbally aggressive people, Henry lacks the ability to be assertive and may cooperate in an abusive situation due to a limited understanding and physical inability to defend from a verbally or physically aggressive person. Henry does not communicate verbally and requires assistance to propel his wheelchair. Henry would be unable to independently leave a potentially abusive situation.

Referrals made when the person is susceptible to abuse outside the scope or control of this program (Identify the referral and the date it occurred). No referrals are needed at this time.

C. Self Abuse

Is the person susceptible to abuse in this area? Yes (if any area below is checked) No

- Dresses inappropriately
- Refuses to eat
- Inability to care for self-help needs
- Lack of self-preservation skills (ignores personal safety)
- Engages in self-injurious behaviors
- Neglects or refuses to take medications
- Other: NA

Specific measures to minimize risk of abuse for each area checked:

- **All areas:** Henry has been diagnosed with Cerebral Palsy. As a result, Henry is physically unable to independently care for himself, protect his personal safety, or take his medication without assistance. Staff will provide physical assistance to Henry to assure his self-preservation and needs are met. If a staff were to witness self-abuse of Henry, staff will advocate for him. All staff are mandated reporters and are trained upon hire and annually thereafter to the MN State Vulnerable Adult Law and company Vulnerable Adult Maltreatment Reporting and Review Policy and Procedures. Staff will report all suspected or known maltreatment per company policy.
- **Dresses inappropriately:** Henry has been diagnosed with Cerebral Palsy, which limits his ability to don weather appropriate clothing. Henry has limited range of motion in his arms and hands, and limited fine motor skills, he requires assistance in dressing for weather conditions and extreme temperatures. Staff observe and monitor weather conditions and provide him with the appropriate clothing for the present weather. This may include the use of a hat, coat/jacket, gloves, etc. during the winter months, and to ensure he is not overdressed during the summer months. Due to Henry's physical disabilities, staff provide full assistance to him in putting on/ removing clothing as appropriate for current weather conditions.
- **Inability to care for self-help needs:** Henry has been diagnosed with Cerebral Palsy and does not communicate verbally. Due to Henry's disabilities he requires full assistance in caring for all of self-help needs. Staff are trained to Henry's self-help needs and communicate with Henry while performing self-help tasks and encourage participation as able.
- **Lack of self-preservation skills (ignores personal safety):** Henry has been diagnosed with Epilepsy in addition to developmental disability. Henry does not communicate verbally and would be unable to ask for help. Henry may not understand when a situation is not safe, and does not have the physical ability to keep himself out of unsafe situations. Staff provide supervision to Henry, observe what is occurring around him and intervene on Henry's behalf if a potentially dangerous situation were to happen. If needed, staff will assess for any injury and provide necessary first aid per their training and seek further medical attention as needed. Staff will call 911 on Henry's behalf in the event of an emergency.
- **Neglects or refuses to take medications:** Henry is not able to understand or comply with his physician's medication orders without support. Henry has limited range of motion in his arms and hands, and limited fine motor skills. He requires complete assistance with all aspects of medication administration.
