

# Program Abuse Prevention Plans

Commerce, Linden, Oakdale, & Parkway

Name: Dana Yang

Date: 11/28/22

1. If the Program Director is not on site, who assumes supervisory responsibilities?
  - Chief Operating Officer
  - The most senior Program Supervisor
  - President
  - On-call Program Director
  
2. If the Program Director and neither Program Supervisor are onsite, who assumes supervisory responsibilities?
  - Chief Operating Office
  - President
  - On-call Program Director
  - The most senior Lead Direct Support Professional
  
3. True or False: Regardless of location, PAI serves adults of all ages (21-90 currently) and provides services equally to all genders.
  - True
  - False
  
4. What are some ways that PAI's program buildings are set up to serve a wide range of physical needs? (Select all that apply)
  - All of PAI's program locations are single-story buildings.
  - Program halls are equipped with handrails.
  - Ramps are located off sidewalks into the parking lots.
  - All sites are equipped with at least one fully accessible bathroom with a mat table.
  - Buildings are kept free of debris and sidewalks are shoveled/salted in the winter.
  - Individuals are escorted to and from their bus to the building if support is required in this area.
  - Staff are trained on medication administration
  
5. PAI works with participants with a wide variety of behaviors across all sites including those with mild to severe aggression, concerns surrounding personal boundaries, and those who may self-harm. Select all that are true at PAI:
  - PAI has mental health/behavioral support professionals to whom we can refer individuals if needed.

Commerce, Linden, Oakdale, & Parkway

- Staff are trained to the positive support strategies for an individual.
  - PAI has a mental health professional available onsite at all 4 program locations.
6. What measures are taken at PAI to prevent and reduce abuse from occurring? (Select all the apply)
- Staff are trained on Program Abuse Prevention Plans and Individual Abuse Prevention Plans.
  - Internal reviews are completed to identify and correct patterns.
  - All staff are trained on the "Reporting of Maltreatment and Vulnerable Adults Act" at hire and annually thereafter.
7. True or False: There are no substantiated claims of maltreatment at any of PAI's 4 program sites.
- True
  - False
8. How often are fire drills held at program sites?
- Yearly
  - Monthly
  - Quarterly
9. Physical and environmental factors specific to the Commerce location include:
- A work/production floor onsite where participants can work.
  - There is frequent movement through the building each day during transition time which make the hallways areas extra busy and more difficult to supervise each individual person.
  - There is a residential area including a pond to the south of the building.
10. Physical and environmental factors specific to the Linden location include:
- Staff to participant ratio's range from 1:2 - 1:6.
  - The terrain around Linden is relatively flat and has concrete sidewalks and a paved parking lot with ramps.
11. Physical and environmental factors specific to the Oakdale location include:
- Oakdale is located in a business complex.
  - There are wooded marsh areas to the East and South sides.
  - Staff to participant ratio's range from 1:2 - 1:5.
12. Physical and environmental factors specific to the Parkway location include:
- Participants have access to break spaces, where staffing can be inconsistent.
  - Parkway is in a primarily industrial area of a metropolitan suburb in White Bear Lake, with office buildings and residential neighborhoods nearby.
  - Parkway has a bussing drive, separate from the locations main parking lot.
