Therapeutic Intervention

Within 60 days of hire the program must provide instruction on the following topics: All of these topics are covered within the verbal portion of Therapeutic Intervention class.

- a. alternatives to manual restraint procedures, including techniques to identify events and environmental factors that may escalate conduct that poses an imminent risk of physical harm to self or others;
- b. de-escalation methods, positive support strategies, and how to avoid power struggles;
- c. simulated experiences of administering and receiving manual restraint procedures allowed by the program on an emergency basis;
- d. how to properly identify thresholds for implementing and ceasing restrictive procedures;
- e. how to recognize, monitor, and respond to the person's physical signs of distress, including positional asphyxia;
- f. the physiological and psychological impact on the person and the staff when restrictive procedures are used;
- g. the communicative intent of behaviors; and
- h. relationship building.
