

**Chapter 5 (p. 102)**

**Abrasion**

**Abscess**

**Alopecia**

**Amputation**

**Cellulitis**

**Contusion**

**Curettage**

**Cyanosis**

**Cyst**

**Debridement**

**Dermatitis**

**Dermatologist**

**Dermatology**

**Dermis**

**Diaphoresis**

**Ecchymosis**

**Epidermis**

**Erythema**

**Fistula**

**Gangrene**

**Hemangioma**

**Heparin**

**Histamine**

**Hives**

**Integument**

**Integumentary system**

**Laceration**

**Lesion**  
**Melanoma**  
**Nodule**  
**Pediculosis**  
**Petechia**  
**Polyp**  
**Pressure ulcer (AKA Bedsore)**  
**Pruritus**  
**Pustule**  
**Ulcer**  
**Urticaria**  
**Wheal**

**Word elements**

**Adip/o**  
**Caut/o**  
**Cutane/o**  
**Derm/o**  
**Dermat/o**  
**-edema**  
**Erythr/o**  
**Hist/o**  
**Lip/o**  
**Melan/o**  
**Myc/o**  
**Scler/o**  
**Squam/o**

**Pathological conditions**

**Eczema**  
**Herpes zoster (shingles)**

**Impetigo**  
**Malignant melanoma**  
**Nevus (mole)**  
**Psoriasis**  
**Scabies**  
**Tinea**  
**Cautery**  
**Dermabrasion**  
**Skin biopsy**  
**Skin graft**

**Abbreviations**

**Bx, bx**

**PPD**

**TENS**

**UV**
