DERMATOLOGIST

A decorative graphic on the right side of the image consists of several overlapping, parallel lines. The top-most line is a bright blue, followed by a dark grey line, and then a lighter grey line. These lines are oriented diagonally, starting from the bottom left and extending towards the top right, creating a sense of depth and movement.

DERMATOLOGY

A decorative graphic on the right side of the image, consisting of several parallel lines in bright blue and dark grey, forming a geometric shape that resembles a stylized corner or a folded piece of paper. The lines are set against a solid black background.

# DERMABRASION

A decorative graphic in the bottom right corner of the slide. It consists of several overlapping, parallel lines that create a sense of depth and movement. The lines are primarily a vibrant blue and a dark grey, set against a solid black background. The lines appear to be part of a larger, abstract geometric shape that is partially cut off by the edge of the frame.
