MI 110: Introduction to Medical Imaging

Personal Mission Statement Assignment

Please take some time to read the following information on creating a mission statement connected to your purpose and identity as a Medical Imaging student. Complete the worksheet and use it to create a mission statement that will help guide your decisions and actions as you begin your education. As you will learn a mission statement is the guiding force behind the decision of every organization and is used to set goals for the organization to achieve. Your mission statement can be used to help you identify and set goals regarding your education and career upon graduation.

A mission statement should consider:

- Your values and personal beliefs
- Your goals
- How you aim pursue your goals
- What makes you happy
- Your dreams and vision for your future
- What you are good at
- What you are passionate about
- How you want others to perceive you

A mission statement should include:

- Your core values and/or personal beliefs: Who are you and what are your priorities?
- What you intend your legacy to be: How do you want to impact others? How do you want others to perceive you?
- How you plan to create a life that embodies these goals: How can you reach the vision you have set?

Expectations:

Use the worksheet below to create a personal mission statement that pertains to your purpose and identity as a Medical Imaging Student. Once you have completed this worksheet post your completed personal mission statement worksheet and including your personal mission statement into the Unit 2 discussion forum by **Sunday, 3/6 at 2259**. These can be submitted as an uploaded document or typed into the comments section or your post. Once you have posted your mission statement respond to 3 classmates posts by **Thursday 3/10 at 2259**. Responses should be constructive and positive and help to identify ways that your classmates can meet the objectives of their mission statement.

Sample Worksheet

Values & Beliefs	<i>I value being a good student and taking care of others</i>
Goals	<ol style="list-style-type: none"><i>1. Get a 3.5 GPA</i><i>2. Obtain a job in Medical Imaging at the Reading Hospital</i><i>3. Make time for family and friends</i><i>4. Go on vacation</i>
How will I reach my goals	<i>Focus on my education, study regularly, get involved in professional organizations</i>
What makes me happy	<i>Spending time with family and friends, my dog, ice cream</i>
Dreams & Visions	<i>I would like to be a lead technologist within a radiology department</i>
What am I good at	<i>Listening, time management, creativity</i>
What am I passionate about	<i>My family and friends, helping others</i>
What kind of reputation do I want to have	<i>I want people to see me as a hardworking, compassionate medical imaging student who people can count on.</i>

Sample Personal Mission Statement

I am a well-organized, passionate student who is dedicated to being a positive presence to those around me. I strive to become a proficient, compassionate radiologic technologist who engages with my patients and peers in a professional caring manner and pursue my goal of becoming a lead radiologic technologist.
