4

MI 123: ELECTRONIC DEVICES

Electronic devices are NOT permitted in the clinical area or in class during an exam

- Cell phones may be with you during lectures or lab, however they should be on the “silence” setting. Kindly excuse yourself from the room if you must take a call.

5

MI 123: ATTENDANCE

Planned Absence – Complete a “Notification of Absence from Educational Assignment” form

Unplanned Absence or Tardy – Immediately notify the program by calling the program secretary at (484) 628-0200

IF NO ONE ANSWERS,
LEAVE A MESSAGE!!

6

MI 123: ATTENDANCE

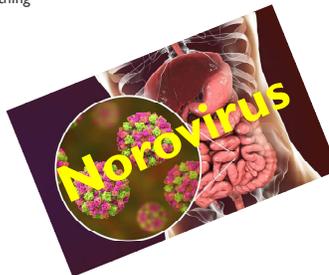

- ❖ It is the students' responsibility to contact the faculty immediately upon return from an absence. Any missed obligations from class, including exams, will be rescheduled at the faculty's discretion.
- ❖ If a student is absent on a day/time when an assignment is due or an exam is given, **5 points may be deducted from the assignment/exam grade**. Failure to complete make-up work will result in a 0% for the particular assignment/exam grade.

7

MI 123: ATTENDANCE

- ❖ If feeling ill – stay home!! Any of the symptoms below or of any infection disease (or contact with COVID '+' person), follow the process on the next slide
 - **Fever or chills
 - **Cough
 - **Shortness of breath or difficulty breathing
 - **New loss of taste or smell
 - Fatigue
 - Muscle or body aches
 - Headache
 - Sore throat
 - Congestion or runny nose
 - Nausea or vomiting
 - Diarrhea

8

MI 123: COVID 19 ATTENDANCE

- 1) Student Health – 484-628-8557
- 2) Ms. James (Program Secretary) to report absence – 484-628-0200
- 3) Inform faculty member of reason for absence
- 4) Christine Hydock – 484-628-0199

**Final clearance to return will come from Student Health and Mrs. Jackson (MI Program Director) (484-628-0227)

9

MI 123: ATTIRE CLINICAL ASSIGNMENTS

- Well fitting mask must be worn – will be distributed in clinical
- Appropriate eyewear must also be worn during all patient encounters
- Maintain 6 ft distance as much as possible

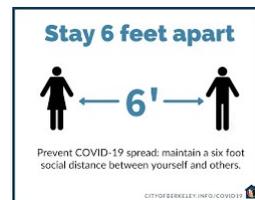

- COVID '+' patient – do not participate in procedure

10

MI 123: ATTIRE SKILLS LAB

- Well fitting mask must be worn – cloth masks are permitted
- Appropriate eyewear must also be worn
- Maintain 6 ft distance as much as possible

- Clothing
 - Must wear closed toed shoes
 - No provocative clothing

11

MI 123: GRADING

Successful completion of this course requires that all of the following requirements be met:

- **Achievement of an overall course average of $\geq 80\%$ and**
 - Achievement of $\geq 80\%$ on an overall average of all **written/electronic assignments** and
 - Achievement of $\geq 80\%$ on an overall average of **Clinical Skills Assessments** and
 - Achievement of $\geq 80\%$ on the average of the **Exams**.

12

MI 123: GRADING

Written Assignments – 10%

- **2 assignments** – due dates are listed on course schedule. Late submissions will result in point deductions.
 - Pediatric and Geriatric Written Assignment (available on Edvance)
 - Clinical Seminar I Clinical Experience Reflection Written Assignment

13

MI 123: GRADING

Successful Completion

- Cultural Awareness Discussion Posts

14

MI 123: GRADING

Clinical Skills Assessments – 50%

- 3 total assessments
 - See Appendices/Assessments C, D, and E
 - Any unsuccessful items do need to be repeated successfully to finalize grade on each assessment

■ Exams – 40%

■ 2 Written exams

- Successful completion of each exam (achievement of 80% or higher) is required. If a student receives less than an 80% on an exam, the student must re-take the exam to earn a passing grade ($\geq 80\%$). The original score earned will be recorded and will be used to calculate a student's average within the course.
- Students unable to achieve $\geq 80\%$ on the retaken exam will be given one additional re-take opportunity. Students unable to achieve $\geq 80\%$ on the second retaken exam will not have satisfactorily met written exam requirements and will fail (F) the course.

Positioning Skills Practice....more information to come in future lecture!

Confidentiality Statement

Confidentiality Statement

In accordance with Hospital policy and federal regulation (HIPAA - The Health Insurance Portability and Accountability Act), all employees and students are responsible for maintaining confidentiality of information regarding patients for whom they deliver care. All employees and students are expected to maintain high standards of conduct, and are required to sign a confidentiality statement annually.

Conversing about a patient's condition or discussing personal affairs in the presence of patients or within hearing range of patients and visitors is to be avoided. Confidential information is only to be revealed as required by law or to protect the welfare of the individual or community. Any unauthorized access, possession, release, or disclosure of confidential information is inappropriate and will result in disciplinary action. Employees and students who divulge patient or pertinent hospital information are subject to dismissal.

**READING HOSPITAL SCHOOL OF HEALTH SCIENCES
MEDICAL IMAGING PROGRAM
CONFIDENTIALITY STATEMENT (Student Copy)**

I, _____ (Medical Imaging Student), understand the importance of confidentiality and agree to refrain from divulging patient or sensitive Hospital information that I learn during my educational experiences at Reading Hospital or the School of Health Sciences. I understand that breach of confidentiality regarding patient information could result in immediate termination as well as prohibit my future participation as a volunteer within this facility.

Patient Consent to Student Involvement

Patient Consent to Student Involvement

All students participating in medical care provided to patients have a legal responsibility to clearly identify themselves as a student. Patients have a legal right to know when a student will be involved in their care and to what level that involvement will be: observational or active participant. The right to consent to or refuse student involvement also lies with the patient.

Enrolled students must recognize that in order to provide informed consent, the patient must be in possession of all information relevant to the care being provided to them and have adequate reasoning faculties at the time their consent is given.

If the patient is a minor (17 years of age or younger), consent for student participation in that minor's care should verbally be obtained from the parent/guardian accompanying the minor. Minors who are unaccompanied by a parent/guardian represent exceptions to this requirement (as the consent to treat was obtained at the time of registration).

If at any time, a patient or parent/guardian refuses medical treatment from a student, the student will act in a purely observational role throughout the procedure except in emergency situations. The emergency shall be documented by the treating physician.

READING HOSPITAL SCHOOL OF HEALTH SCIENCES MEDICAL IMAGING PROGRAM

PATIENT CONSENT to STUDENT INVOLVEMENT AGREEMENT (Student Copy)

I, _____ (Medical Imaging Student), will comply with the requirement to identify myself as a Medical Imaging Student before participating in radiographic care of patients. I understand that if a minor arrives for radiologic imaging, verbal consent from a parent/guardian should be obtained prior to actively participating in radiologic patient care.

If medical treatment by a student is refused by a patient or a parent/guardian, I will assume a purely observational role while a qualified radiographer completes the examination.

Interpreting Services

Interpreting Services

Healthcare providers have a legal, ethical and humanitarian responsibility to assure qualified medical interpretation services are made available to non-English speaking patients. Reading Hospital (RH) has established the Department of Interpreting Services, telephones/Vocera to contact Language Service Associates (LSA), and Igads to use IRIS (Instant Remote Interpretation Services) to provide this support to hospital staff, students and patients. RH interpreting services guidelines have been established based upon parameters set forth by the U.S. Department of Health and Human Services.

READING HOSPITAL SCHOOL OF HEALTH SCIENCES MEDICAL IMAGING PROGRAM

INTERPRETING SERVICES STATEMENT (Student Copy)

I, _____ (Medical Imaging Student), have been instructed on the use of interpreting services at Reading Hospital. I understand that once interpreting services have been identified as necessary, I may participate in radiologic patient care only in the presence of a trained medical interpreter or through the use of Language Service Associates (LSA), or IRIS. I understand a family member, friend, or Hospital staff member who has not been approved to serve as an interpreter may be utilized as an alternate to a medical interpreter *only* in the case of a life or limb threatening medical emergency. Under no circumstances may a minor be utilized for interpretation services.

Safety

fppt.com

31

Radiation Monitoring

- Students must properly wear their radiation monitoring device (badge) in clinical assignments
 - Including the energized lab and any ionizing radiation area in the hospital
- Do not:
 - Exchange radiation badges
 - Wear during personal x-rays
- Do:
 - Notify Faculty if badge is inappropriately exposed

fppt.com

32

- Radiation monitoring devices are changed monthly
 - Students are expected to promptly return previous month badges
 - A fee will be charged for any *unreturned* badges
- Radiation Monitoring Device Reports
 - Each student is required to review and initial the monthly report
 - RSO will counsel students who are at or above Level I limits

fppt.com

33

- Students arriving without their radiation monitoring badge are considered out of uniform
 - Must notify Faculty and obtain spare badge (whether lost/forgotten)
 - Non-compliance is considered unprofessional behavior and will result in corrective and/or disciplinary action
- *Students may **not** hold patients for exposures!*

fppt.com

34

MRI Safety

- MRI Safety/Video completed prior to clinical experience
- MRI Student Safety Checklist
 - Completed in 2nd and 5th semesters
 - Any positive responses reviewed with MRI supervisor
- ASRT 'Safe MRI Practices' will be completed annually
- Screened by MRI staff

fppt.com

35

General Safety

- Reporting Equipment Malfunction
- Reporting Incidents Involving Patients
- Reporting Incidents Involving Students or Staff

- Fire Emergency
 - See RH Fire Manual via intranet
 - Satellite: Call 911

fppt.com

36

Student Pregnancy Policy

- Disclosure of pregnancy is strictly voluntary
 - Upon declaring, 'Voluntary Disclosure of Pregnancy' form must be completed.
 - Modification of clinical assignments form must also be completed.

fppt.com

37

Contacting Faculty

- See the policy for a list of numbers including the program secretary, clinical coordinator and faculty
 - It's highly suggested that you make a copy of these phone numbers to keep in your badge holder and/or cell phone

fppt.com

38

Emergencies:

- Students in clinical assignments should contact Faculty office at 1-484-628-8904, if able
 - If not able, supervising radiographer will notify a faculty member

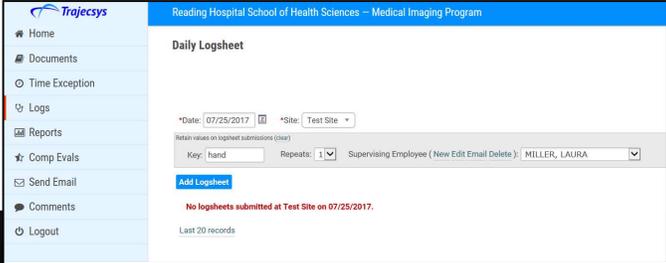

fppt.com

39

Daily Log in Trajecsys

- **Must include:**
 - First 3 digits of patient's MRN plus their initials
 - Ex. 123JD
 - Name of supervising professional for each clinical day
 - Level of participation / type of supervision
 - Clin Sem I = OBSERVED!!

fppt.com

40

- Daily logs must be entered In Trajecsys by **4 PM** the **Wednesday** following each clinical assignment
