Logic Chapters 6-11 Quiz

Question 1:

The law of non-contradiction

The law of the excluded middle

The law of identity

Question 2:

They are all attributes of God

Question 3:

If humans did make the laws, then they wouldn't have existed before people. They can't have existed before people if people made them, but it is logically impossible that they couldn't have ever existed.

Question 4

Because intuition is based on our feelings which are always changing. Truth is firm and God is the ultimate standard for truth. We can think true thoughts, but truth is not based on our feelings or intuition. It is the truth regardless how we feel about it.

Question 5

Rhetoric – The art or skill of speaking or writing effectively and persuasively regardless of considerations of logic or truth.

Question 6

To not have reason

Question 7

The definition of a word is a statement or series of statements that explain the meaning of the word. The meaning of a word is determined by the general way the word is used.

Question 8

So that people won't be confused on your meanings, or that they won't misquote you later on.

Question 9

Speak clearly, listen carefully, be aware.
