Assignment: Choose A Historical Speech

In preparation for presenting your historical (or literary) speech on January 20th, this week you need to do some research and find three speeches you would be interested in presenting. Bring them in on Friday and have your first, second and third choices. We will look at them in class and I will make sure there are no duplications.

Think about why you want to do a certain speech. Time range could be from ancient times to the present. I am not giving you a list, but you should be able to find plenty.

Speeches I would like to present:

1.

2.

3.
