

## QUESTION:

Your question stated very clearly.

## HYPOTHESIS:

Your hypothesis stated very clearly.

## MATERIALS:

Materials in LIST form.

## PROCEDURE:

Procedure in Step form and numbered.

## CREATIVE DESIGN!!!!

Make sure it goes along with your experiment, but get creative and draw others to want to read more!! GO BIG!

## DATA:

This is your graph.

## VARIABLES:

Independent:

Dependent:

Pictures go here however you want to design them. There does need to be a printed caption under each photo telling what it is .
