“Breathe on us Father”

Those words came from my mouth during discipleship class tonight and I was instantly overcome with the feeling of the presence of God.

As I sit here in my quiet place, the Holy Spirit enlightened me to its meaning.

Just as God breathed life into Adam, so will He breathe life into you (Plural). Life into your relationships, life into your profession, life into your finances, life into your spiritual growth.

In order to receive His breath, we must be in a position to INHALE the Breath of God into our lives! We mustn't try to exhale life into those things with our own power. Wait on the Lord, prepare for His Breath to breathe upon you and

your circumstances, and receive  
it!
