What We Heard

during our conversation regarding learning and training
at South Carolina Office of Rural Health

Need a Total Solution - Intuitive Tool & CX (implementation)

- Easy Creation
 - You don't need additional tools, and if you can type, you can teach
 - Video upload
- Speedy Delivery
 - Get the info to the right people at the right time-- mobile friendly
 - Central repository of all learning content
 - Place for people to go when they have questions
- Impact - Tracking
 - Need to know who and who has not completed trainings
 - Measure for learning and business impact

South Carolina Office of Rural Health + Lessonly Partnership

Meet Kelsey! As one of our Onboarding Managers, her job is to ensure South Carolina Office of Rural Health has a successful training program.

- **Mapping:** Together, we create a custom, all-inclusive learning strategy
- **Dedicated Client Support:** Unlimited one on one support email and in-app chat.
- **Content and User Organization:** Assist with organizing content and users
- **Content Review:** Kelsey to consult on best practices and provide feedback on training content

Lessonly Solution Launch Plan

Our step-by-step launch guidance ensures you hit the ground running

Add Users:

We add & organize all users into roles so that each person can make & take Lessons appropriately

Teach & Train Your Team:

We provide all admins and managers with Lessonly-based training on Lessonly best practices

Create:

We develop custom, branded icons & images for your team to use within your Lessons

Organize:

We organize tags and users, coach you on assignment of initial Lessons, and launch to Learners

Survey:

We assist in building a custom employee feedback Lesson to collect information about gaps in knowledge & content

Review:

One-on-one consultation with Lessonly CX manager to review initial Lessons and provide feedback
