

Omola Akinsoji

of

Everhead Home Health Care, LLC

The person named herein has successfully completed the following course:

Orien - Positive Supports Rule Core (7.5 hrs)
7.5 hours, CEU Contact Hours: 9 for Nurses, 7.5 for Social Workers

Positive Supports Rule Core - This course provides staff the important knowledge of how to work with the people they support in a positive and supportive manner. It includes the required topics listed in MN Rule 9544.0090 Subp. 1. It also includes the requirements in MN Statute 245D.245D.09 Subd. 4, clause (6)-(8) and 245D.061 Subd. 9, clause (4), items (i-viii), excluding (iii). Specific topics include: de-escalation techniques and their value; principles of positive support strategies such as positive behavior supports, the relationship between staff interactions with the person and the person's behavior and the relationship between the person's environment and the person's behavior; the safe and correct use of manual restraint on an emergency basis according to 245D.061; staff responsibilities related to restricted and permitted actions and procedures under 245D.06, subdivisions 6 and 7; the situations in which staff must contact 911 services in response to an imminent risk of harm to staffing members of the person's expanded support team after the use of a restrictive intervention with the person; understanding of the person as a unique individual and how to implement treatment and responsibilities assigned to the license holder; cultural competence; personal staff accountability and staff self-care after emergencies; alternatives to manual restraint procedures, including techniques to identify events and environmental factors that may escalate conduct that poses an imminent risk of physical harm to self or others; how to avoid power struggles; the physiological/psychological impact on the person and the staff when restrictive procedures are used; the communication intent of behaviors; relationship building; the safe and correct use of manual restraint procedures under 245D.06, subd. 5, why such procedures are not effective for reducing or eliminating symptoms or undesired/interfering behavior, and why such procedures are not safe. In order to set the training requirements in MN Statute 245D.061 and 245D.09, staff must additionally demonstrate competency and be trained in their employer's specific EUMR policy and engage in simultaneous experiences of administering and receiving manual restraint procedures allowed by the license holder on an emergency basis, and any person-specific treatment plans and responsibilities assigned to the license holder. Please be sure to document on each person's training record the amount of time this additional, company-specific training takes to ensure your staff have at least 8 hours of training time for their PSR Core requirement.

Instructor Credentials:

STAR Services is a training, education, staffing, consulting, and business development resource for social service agencies, individuals, families, social service professionals, schools, and government agencies. STAR Trainers have a combined experience of over 100 years of supporting people with various disabilities and mental health conditions in a variety of settings. All curriculum has been developed by a team of DC/DMs, mental health practitioners, and a licensed social worker, along with other experts in the field.

CEUs for Social Workers and Nurses:

STAR Services does not issue credits. It is your responsibility to review the content of a CE activity to determine if it meets the criteria of your license board and submit for approval.
