Contact our Agent Support Team at 800-231-0801 and mention the Symmetry Agent Owned Life Insurance My Policy Program.

- Make a note of the “Face Amount”. This is needed when completing the eApp. Note that there is a maximum face amount of \$250,000 as to not trigger a saliva swab so the premium may end up being less if \$85.00 yields a face amount above this.
- Click the eApp tab in the top right corner.

3. Once in the eApp:

- Begin completing the eApp. Note: you must complete all highlighted fields in yellow before moving on to the next screen.
 - For “Agent Number” enter: SFM002. If you use an incorrect agent number, you will not receive coverage.
 - When asked if the agent is with the proposed insured select “No”.
 - On the insured information screen mark “Yes” for “Is the Proposed Insured going to be the Owner” as you will own your own policy.
- **On the Product Screen:**

 - Once you enter all product Information, click “Calculate.”
- **Initiate Underwriting:**
