

TITLE: Emergency Response Reporting and Review

Number: 133.00

Program Name: Austin Manor

Program Location: 510 23rd Ave NW Austin, MN 55912

Policy:

It is the policy of this DHS licensed provider (program) to effectively respond to, report, and review all emergencies to ensure the safety of persons receiving services and to promote the continuity of services until emergencies are resolved.

“Emergency” means any event that affects the ordinary daily operation of the program including, but not limited to:

- fires, severe weather, natural disasters, power failures, or other events that threaten the immediate health and safety of a person receiving services; and
- that require calling 911, emergency evacuation, moving to an emergency shelter, or temporary closure or relocation of the program to another facility or service site for more than 24 hours.

Response Procedures

Safety procedures

Fires. Additional information on safety in fires is available online at: <http://www.ready.gov/fires>. In the event of a fire emergency, staff will take the following actions:

Staff actions will include:

Community Residential Settings and Day Services Facilities must ensure the following is included:

- how to report a fire or other emergency;
- procedures to notify, relocate, and evacuate occupants, including use of adaptive procedures or equipment to assist with the safe evacuation of persons with physical or sensory disabilities;
- instructions on closing off the fire area, using fire extinguishers, and activating and responding to alarm systems

Evacuate all people in the immediate area to an area of safety, closing doors against smoke and heat. Test a closed door before opening by feeling near the top. If the door is hot, use an alternative exit. If a room is smoke-filled, keep close to the floor to breathe more easily.

When evacuating outside, the designated meeting place is end of driveway by mailbox.
[insert the name of the designated meeting place]

Remain calm and keep everyone together. Do not reenter until the fire department determines it is safe to do so.

Call 911 for the fire department and provide them with relevant information. Provide emergency first aid as required until emergency personnel arrive.

Thrive Behavioral Network, LLC

Severe weather and natural disasters.

Additional information on safety in severe weather or natural disasters is available online at: <http://www.ready.gov/natural-disasters>. In the event of a severe weather emergency, staff will take the following actions:

Staff actions will include:

Monitor weather conditions: Listen to local television or radio or a weather-radio for weather warnings and watches. Follow their directions on the need to change plans and activities, stay indoors, or seek shelter.

WARNING: severe weather is either occurring or is imminent. A warning is the most significant and staff must take immediate action to protect people by seeking immediate shelter.

WATCH: severe weather is possible as conditions are favorable for the weather event. Staff should plan and prepare for the possibility of the severe weather. Staff should help people change their plans for travel and outdoor activities.

ADVISORY: weather conditions may cause inconvenience or difficulty when traveling or being outside. Staff should help people consider changing their plans for travel and outdoor activities or consider that additional time may be required to complete their plans.

Account for the well-being of all people receiving services.

Inform people why plans and activities are changing and what they are doing to keep them safe.

Power failures.

Additional information on safety during power failures is available online at: <http://www.ready.gov/technological-accidental-hazards>. In the event of a power failure emergency, staff will take the following actions:

Staff actions will include:

Report power failures to the local power company.

Use emergency supplies (flashlights, battery-operated radio) which are located [insert location].

Account for the well-being of all people receiving services.

Inform people why plans and activities are changing and what they are doing to keep them safe.

Thrive Behavioral Network, LLC

Emergency shelter.

Additional information on emergency shelter is available online at: <http://www.ready.gov/shelter>. Some emergencies will be best met by seeking safety in an emergency shelter. Depending on the emergency you may need to shelter in place or shelter outside the disaster area.

Staff actions will include:

Follow directions of local emergency personnel to locate the closest emergency shelter.

If time allows, move to the emergency shelter with a 24-hour supply of medications and medical supplies, medical books/information, and emergency contact names and information.

At the emergency shelter, notify personnel of any special needs required to use the emergency shelter.

Remain calm and keep everyone informed of why events are occurring.

Use of an emergency shelter may include: severe weather, natural disasters, power failures, and other events that threaten the immediate health and safety of people receiving services.

Emergency evacuation.

Additional information on emergency evacuation is available online at: <http://www.ready.gov/evacuating-yourself-and-your-family>. Some emergencies will be best met by leaving a program site or the community and seeking safety in an emergency shelter. Often the emergency evacuation will be directed by police, fire, or other emergency personnel who will direct people where to seek safety.

Staff actions will include:

Account for the well-being of all people receiving services.

Inform people why they are leaving the program and what is being done to keep them safe.

Follow directions received from administrative staff, police, fire, and other emergency personnel.

If time allows, evacuate with medication and medical supplies, medical and programs books/information, clothing, grooming supplies, other necessary personal items, and emergency contact names and information.

Emergency evacuation may include: severe weather, natural disasters, power failures, and other events that threaten the immediate health and safety of people receiving services.

Thrive Behavioral Network, LLC

Temporary closure or relocation.

Some emergencies will be best met by temporarily closing or relocating a program site for more than 24 hours. This decision will be directed by program administrative staff.

Staff actions will include:

Inform people why the program is closing and relocating to keep them safe. Formal notification to the person receiving services, legal representatives, and case managers will be completed by administrative staff.

Follow directions received from administrative staff, police, fire, and other emergency personnel.

If time allows, remove from the program medication and medical supplies, medical and programs books/information, clothing, grooming supplies, consumer funds, other necessary program and personal items, and emergency contact names and information.

Closure or relocation may include: severe weather, natural disasters, power failures, and other events that threaten the immediate health and safety of people receiving services.

Additional safety procedures for facilities.

1. First aid and CPR

a. Training

- A staff person trained in first aid will be available on site whenever a person receiving services is present and staff are required to provide direct service.
- A staff person trained in cardiopulmonary resuscitation (CPR) will be available on site when required in a person's coordinated service and support plan or coordinated services and support plan addendum whenever a person receiving services is present and staff are required to be at the site providing direct service.
- CPR training must include in-person instruction, hands-on practice, and an observed skill assessment under the direct supervision of a CPR instructor.

b. First aid kits

- First aid kits must be readily available for use by staff and must meet the needs of the persons receiving services. First aid kits are located medication Room.
- First aid kits must include accessible first aid supplies including bandages, sterile compresses, scissors, an ice bag or cold pack, an oral or surface thermometer, mild liquid soap, adhesive tape, and a first aid manual.

Thrive Behavioral Network, LLC

2. Emergency equipment (<http://www.ready.gov/build-a-kit>)

A flashlight and portable radio and television that can be used in the event of a power failure must be at our program. They are located

medication room

3. Emergency contacts

- a. A list of emergency telephone numbers is posted on Form 1011 – Emergency Preparedness Plan next to a non-coin operated telephone that must be readily accessible at all times. The mental health crisis intervention team number must be posted, when available. Contact 9-1-1 in an emergency.
- b. The names and telephone numbers of each person's representative, physician, and dentist must be readily available.

4. Written emergency response plan

An emergency response plan must be readily available to staff and persons receiving services. Form 1011 – Emergency Preparedness Plan is posted in common areas in each facility. The plan must include:

- a. Procedures for emergency evacuation and emergency sheltering, including:
 - How to report a fire or other emergency;
 - Procedures to notify, relocate, and evacuate occupants, including use of adaptive procedures or equipment to assist with the safe evacuation of persons with physical or sensory disabilities; and
 - Instructions on closing off the fire area, using fire extinguishers, and activating and responding to alarm systems.
- b. Floor plan that identifies:
 - Location of fire extinguishers;
 - Location of audible or visual alarm systems, including but not limited to manual fire alarm boxes, smoke detectors, fire alarm enunciators and controls, and sprinkler systems;
 - Location of exits, primary and secondary evacuation routes, and accessible egress routes, if any; and
- c. Location of emergency shelter within the facility.
Site plan that identifies:
 - Designated assembly points outside the facility;
 - Locations of fire hydrants; and
 - Routes of fire department access.
- d. Responsibilities each staff person must assume in case of emergency.
- e. Procedures for conducting quarterly drills each year and recording the date of each drill in the file of emergency plans.
- f. Procedures for relocation or service suspension when services are interrupted for more than 24 hours.
- g. Floor plan that identifies the location of an enclosed exit stairs (only applies to a community residential setting with three or more dwelling units).
- h. Emergency escape plan for each person
