

Category	Content Specific Requirements	100%	90%	80%	70%	60%
Continuous Learner Earned:	Instrument Works Produces High/low pitch Produces Loud/soft sound	The learner demonstrates a mastery of the required curriculum and shows a complete understanding of the content knowledge.	The learner demonstrates a mastery of the required curriculum and mostly has an understanding of the content knowledge.	The learner demonstrates some mastery of the required curriculum and has an understanding of the content knowledge.	The learner demonstrates some mastery of the required curriculum and has a little understanding of the content knowledge.	The learner demonstrates little mastery of the required curriculum and has very little understanding of the content knowledge.
Strong Work Ethic Earned:	Group dynamics: Student communicates process, materials and presents solutions to the group	The learner completely demonstrates trust, respect, and responsibility through time management, leadership, and collaboration.	The learner mostly demonstrates trust, respect, and responsibility through time management, leadership, and collaboration.	The learner demonstrates trust, respect, and responsibility through time management, leadership, and collaboration.	The learner somewhat demonstrates trust, respect, and responsibility through time management, leadership, and collaboration.	The learner does not demonstrate trust, respect, and responsibility through time management, leadership, and collaboration.
Astute Problem Solving Earned:	Instrument shows an innovative use of materials	The learner initiates innovative solutions to problems using creativity and/or technology.	The learner mostly initiates innovative solutions to problems using creativity and/or technology.	The learner somewhat initiates innovative solutions to problems using creativity and/or technology.	The learner tries to initiate innovative solutions to problems using creativity and/or technology.	The learner does not initiate innovative solutions to problems using creativity and/or technology.
Communication Skills Earned:	Written communication of instrument in the ppt Slide	The learner uses Standard conventions of grammar and rhetoric to produce clear, concise and	The learner mostly uses standard conventions of grammar and rhetoric to produce clear,	The learner somewhat uses standard conventions of grammar and rhetoric to produce clear,	The learner tries to use standard conventions of grammar and rhetoric to produce clear, concise and	The learner does not use standard conventions of grammar and rhetoric to produce clear,

		logical writing appropriate for a variety of audiences. The learner will clearly articulate ideas in a manner appropriate to audience, setting, and occasion	concise and logical writing appropriate for a variety of audiences. The learner will clearly articulate ideas in a manner appropriate to audience, setting, and occasion	concise and logical writing appropriate for a variety of audiences. The learner will clearly articulate ideas in a manner appropriate to audience, setting, and occasion	logical writing appropriate for a variety of audiences. The learner will clearly articulate ideas in a manner appropriate to audience, setting, and occasion	concise and logical writing appropriate for a variety of audiences. The learner will clearly articulate ideas in a manner appropriate to audience, setting, and occasion
