

Mandatory 6: Social Media Shareathon

Write a post appropriate for Facebook, Twitter, Instagram or other favorite social media tool. The post should include a succinct e description of your leadership work and a link to the shared resource. The resource can be the NASA asset that you used, a google doc with a lesson that you developed or a resource that you used.

My work at the Endeavor STEM Teaching Certificate Program has made me a teacher leader by immersing me in the latest and greatest activities for our students. Resources for teachers can be found at <https://www.nasa.gov/audience/foreducators/index.html> but don't stop there! Take time to explore or have your students explore: <https://www.nasa.gov/audience/forstudents/k-4/index.html> for students K-4 and <https://www.nasa.gov/audience/forstudents/5-8/index.html> for students 5-8. Enjoy the amazing articles, activities, and videos that NASA has to offer for all ages.
