

**Registration Interview
Choral Ensemble**

**High School
Vocal Health**

Judge Name: _____ **Date:** _____

You are a judge from the past season of The Voice being interviewed for VoiceLife Magazine. The interviewer wants to know what it is about the registration of the past winner that set her apart from the other contestants.

1. Using your knowledge of vocal technique and personal experience, **LIST** each of the registers in the voice, **IDENTIFY** in the performance video where the singer used the register, and **JUSTIFY** how the singer uses each of her registers in the finale to create a compelling performance. (If you feel she does not successfully use each of her registers, explain where in the song she could have made a change for a more compelling performance.)

2. Then, **PREDICT** the success of the singer by leaving an overall remark on her finale performance to give the readers of VoiceLife Magazine an idea of what to expect from her newly ignited career. Please **CHECK THE RUBRIC** for more information on response criteria.
