

Want to launch design-based activities that are fun and engaging for ALL students? Check out my [Engineering Design Process Graphic Organizer](#) adapted for a [Paper Mars Helicopter Activity](#) inspired by [NASA's Ingenuity Mars Helicopter](#) mission. The [EDP](#) and [EDP Graphic Organizer](#) integrate the "E" in STEM as a hands-on learning alternative to help students at any grade level identify and solve problems in any subject area along with making real-world connections so students can see how relevant engineering is to their daily lives. #NASA #STEM #Endeavor #ILoveEngineering!
