

EDC Final Rubric. Total=_____/15 points

Criteria	Exemplary 4	Meets the standards 3	Approaching 2	Not yet approaching 1
Critical Thinking	Creates a homemade instrument that meets all 4 criteria (high pitch, low pitch, loud sound, and soft sound).	Creates a homemade instrument that meets 3 out of 4 criteria (high pitch, low pitch, loud sound, and soft sound).	Creates a homemade instrument that meets 2 out of 4 criteria (high pitch, low pitch, loud sound, and soft sound).	Creates a homemade instrument that meets 1 out of 4 criteria (high pitch, low pitch, loud sound, and soft sound).
Visual Presentation	Provides the PowerPoint that shows all 4 items (the initial design, materials, steps to create the musical instrument and pictures).	Provides the PowerPoint that shows only 3 out of 4 items (the initial design, materials, steps to create the musical instrument and pictures).	Provides the PowerPoint that shows only 2 out of 4 items (the initial design, materials, steps to create the musical instrument and pictures).	Provides the PowerPoint that shows only 1 out of 4 items (the initial design, materials, steps to create the musical instrument and pictures).
Communication		Gives a very clear audio presentation on the process of making the instrument and demonstrates how the instrument meets all 4 criteria.	Demonstrates the instrument only without giving an explanation on the process of making the instrument, or vice versa.	Presentation and demonstration on how the instrument meets the criteria are hard to follow.
Collaboration	Attends the full live session (100% of the time) and participates through the chat/mic from the beginning to the end of the session.	Attends most of the live session (75% of the time) and participates through the chat/mic most of the session.	Attends half of the live session (50% of the time) and occasionally participates through the chat/mic.	Attends 25% of the time of the required session and participates sparingly through the chat/mic.
