

What and Why this Instrument? Materials?

-I decided to make drums.

-I wanted to pick a material that was free and easily accessible(I work at two Title 1 schools).

-I also wanted to pick a fairly simple instrument as an example, being that I teach at an elementary level.

-I also knew I wanted an instrument that allowed many possibilities of adding a creative design element. This also allowed more possibilities to integrate with other subjects or create more themes. (My examples; Self, Cultural, Literacy/Tech)

Materials Used:

Amazon/school boxes

Construction paper

Printed paper

Pictures

Glue

Hot Glue

Yarn

Fun "add on's"

Feather

Sharpies-Coloring Supplies

Rulers or some object to use as drumsticks
