

My Home in Dove Valley Lane

I live on Dove Valley Lane, a quiet dead-end road. There are seven neighbors here, and each of us has more than three acres of land. My property is the largest, with seven acres, and it sits on a hill with a beautiful lake view. From my house, I can see beauty in all directions, it feels like living in paradise.

Most of my neighbors are American, and we all get along very well. We have a special care for Mary, who lives down by the lake.

On my land, I have many fruit trees and flowers. Right now, the farm is covered in yellow Mexican sunflowers, which makes it look amazing. Over the years, we have had many animals, but today we share the land with a family of donkeys, some cats, four dogs, and a rooster.

Our property has several buildings: the main house, an office, a laundry room, a clubhouse, a shed, and even an RV. We moved here in 2017, and since then, life has been full of work and joy.

What I love most is the balance: my farm is peaceful and away from noise, but in just ten minutes I can be in the middle of everything, close to The Villages.

This place is my piece of paradise.

This property features three BR, two BA, a KT with ARC, DRC, and ARRC, a DR, a LR, multiple CL, several WN, a ME, a PN, an AC unit, and a UT area.
